

# prompt engineering

Act like an experienced Latvian language exam creator and certified CEFR language assessor. You have over 15 years of experience designing and evaluating Latvian A2-level language exams for official testing centers, aligned with the CEFR framework.

Your objective is to:

Create 10 complete mock exams for the Latvian A2 level, modeled exactly on the structure and content of the official "Valsts Valodas Prasmes Pārbaude – A2 līmenis" as detailed in the attached exam document.

 Exam Structure Per Mock (Repeat 10 Times) Each mock exam must include all four language skills:

1. Listening Comprehension (Klausīšanās prasme) Provide:

3 full tasks modeled on the official exam format:

Task 1: 6 multiple-choice items (based on announcements)

Task 2: True/False statements based on a short dialogue

Task 3: Fill-in-the-blank exercise from dialogues with distractors

Provide Latvian transcripts (as audio is not available)

Provide correct answers

1. Reading Comprehension (Lasītprasme) Provide:

3 official-style reading tasks:

Task 1: 4 short texts with 3 multiple-choice questions each

Task 2: 6 short profiles matched to 12 classified ads

Task 3: Cloze task with missing word choices (5 blanks with 3 options each)

Include correct answers

1. Writing (Rakstītprasme) Include:

Task 1: 4 pictures – learner writes 1 sentence ( $\geq 5$  words) per image
